

for your
future.

Data Analyst (m/f/x) - Power BI

HARD FACTS

-  Gumpoldskirchen / Wien
-  Full-time
-  60.000 EUR gross / year
-  Hybrid (remote & on-site)
-  Attractive Benefits

YOUR TECH-PART IN OUR TEAM

- Development of graphical reports, dashboards, and semantic models with Power BI (cloud version)
- Collection and coordination of requirements with the relevant stakeholders
- Support and continuous development of our Data Warehouse (DWH) or Data Lakehouse (DLH)
- Design and development of the necessary aggregations, data marts and structured data provisions, as well as modeling of the data and incorporation of new requirements into the existing DWH
- Preparation, analysis, and provision of data for recipients and data consumers
- Active participation in the development of a data catalog/lineage/governance solution
- Collaboration on innovative topics such as real-time data ingestion, business intelligence, self-service reporting, and data analytics

YOUR TECH-STACK

- Completed technical education (HTL, computer science degree, FH, etc.) and relevant professional experience in the field of data modeling/data analysis
- Proficiency in Power BI Service, including the creation of semantic models
- Good SQL skills
- Experience in Big Data environments and real-time data ingestion
- Knowledge in the field of DWH/Data Lake (house), DWH architectures and related data modeling
- Strong interest in data analysis and data visualization
- Good written and spoken English skills, German skills are an advantage
- Knowledge in programming (e.g., in Python) is an advantage
- Prior knowledge in data science (e.g., implementation of models, application of statistical methods in the field of ML) is desirable
- Applications in both German and English are welcomed
